

3rd EUROPEAN AIRWAY CONGRESS
Valencia, Spain | 1-3 December 2016

A perfect balance among skills, knowledge and learning
The Airway congress you need

EAMS
European Airway Management Society

NEW TRENDS IN AIRWAY MANAGEMENT
Update from recognized AM masters

HIGH FIDELITY SIMULATIONS
Hands-on workshops | Animal model | Clinical cases

TEACH THE TEACHERS COURSE
Become an EAMS instructor in Airway Management

BUILD YOUR OWN CONGRESS
Choose among several clinical scenarios
Discuss your opinions with the experts
Get a published paper in Trends in Anaesthesia and Critical Care

ABSTRACT DEADLINE 1st OF NOVEMBER

3rd EAC 2016, why would you come?

We have just arrived back from Euroanaesthesia 2016 in London. The *Pre-Congress Course on current concepts in airway management* organized by EAMS has been a successful event where excellent faculties updated our knowledge and skills in airway management

The annual meeting of EAMS 2016 in Valencia, Spain, the 3rd EAMS European Airway Congress (EAC) will be the right place to complete the above mentioned thoughts and expectations.

The planned "workshops" will start with clinical scenarios where our experts will offer you some tips and advice on how to solve difficulties with different approaches to manage the airway, applications of a variety of devices and techniques to establish a patent airway having patient safety always in our mind.

Furthermore, the limited number of conference participants in every WS ensures real interaction with experts and small group learning opportunities to deepen your knowledge and skills in airway management at the highest international levels.

You will not attend the usual lectures; we want the experts to provide their personal experience and how they make the decisions either in daily busy clinical situations and also in the most complex experiences in airway management whilst following the most recent scientific evidence. A special select group of experts invited to teach at this conference will delight you with their competence in teaching and simplicity to pass on their experience.

We also invite a submission of abstracts for the conference. All accepted abstracts will be present during poster sessions and all these abstracts will be published in the peer reviewed journal of EAMS - *Trends in Anaesthesia and Critical Care*. The best presenter will win the EAMS poster prize 2016. The six best of the best abstracts will compete in an oral presentation to win the EAMS 2016 best oral presentation prize.

The most suitable airway management devices will be present and be sure you will find the latest novelties that manufacturers have developed in the industry exhibition.

And much more: Valencia is an exciting mediterranean city offering worldwide recognized architecture, excellent food and wine in their restaurants and where you can enjoy a relaxing stroll on the beach even in December on a sunny weekend.

We are looking forward to welcoming you for a delightful weekend.

Customize your own airway congress!!

Join us in Valencia for the 3rd EAC 2016.

3rd EAC 2016 PROGRAM

THURSDAY DECEMBER 1	
15:30 - 19:00	EAMS - TEACH THE AIRWAY TEACHERS COURSE
15.30 - 16:45	Welcome
15:45 - 16:30	Valentín Madrid lecture. How to teach
16:30 - 19:00	Proficiency: Teaching skills practice

FRIDAY DECEMBER 2	
8:30 - 9:30	Key Lectures 1: Advanced Airway Assessment We need standardized assessment of the airway. Do we need advanced tools for videolaryngoscopy?
9:30 - 10:30	Key Lectures 2: Airway Management Education Learning from mistakes in airway management. Learning to teach airway management.
10:30-11:00	EAMS 3rd EAC Opening Ceremony SEDAR President. SVART President. EAMS President. Consellera de Sanitat del SVS
11:00-11:30	Coffee / Tea break
11:30- 13:30	WS Session 1 + 2
13:30-15:00	LUNCH & Industry Exhibition / Meet the expert
15:00-17:00	WS Session 3 + 4 and Poster Session
17:00-17:30	Coffee / Tea break
17:30-18:30	Key Lectures 3: The DAS Lectures - Preoxygenation Why is that still of importance? Is there a place for new concepts - THRIVE? THRIVE in Children – does it work too?
18:30-19:15	DAS WS - Meet the experts on THRIVE
19:15-19:30	Highlights of 1 st day of the 3 rd EAC

SATURDAY DECEMBER 3	
09:00-10:30	Key Lectures 4: From guidelines to the management of a difficult airway SAM Lecture: Using flexible fiberoptic Using videolaryngoscopes and stylets Using supraglottic airway devices
10:30-11:30	WS Session 5 and Poster Session
11:30-12:00	Coffee / Tea break
12:00- 13:00	WS Session 6 and Oral Presentations.
13:00-14:30	LUNCH & Industry Exhibition / Meet the expert
14:30-16:30	WS Session 7 + 8
16:30 - 17:00	Coffee / Tea break
17:00-18:00	Key Lectures 5: Different airway management approaches in intensive care unit? Critical ill patients with difficult airway. Safe airway extubation.
18:00-18:30	EAMS Award Ceremony & Closure of the 3rd EAC

WORKSHOPS (each 60 min, repeated during WS Sessions)

WS 1: Fiberoptics for beginners and advanced users.
 WS 2: The 1st airway management revolution: Supraglottic Devices
 WS 3: The 2nd airway management revolution: Videolaryngoscopy
 WS 4: The 3rd airway management revolution: Ultrasound
 WS 5: Front of neck access training on animal model
 WS 6: Size matters: the pediatric airway
 WS 7: Fight and cope stress: Full scale simulation on airway scenarios
 WS 8: Safe Extubation – Strategies to avoid re-intubation problems
 DAS WS: Transnasal Humidified Rapid Insufflation Ventilation Exchange
 TAT WS: TAT-course interactive Video-Briefing on airway teaching

Meet the Experts in Airway Management

Meet the expert and take advantage to update your personal demands. Know the newest airway management strategies. Create your own algorithm together an expert during your coffee after lunch.

EAMS Awards for best Posters and best Oral Presentation

All accepted abstracts will be present during poster sessions and all these abstracts will be published in the peer reviewed journal of EAMS - *Trends in Anaesthesia and Critical Care*. The best presenter will win the EAMS poster prize 2016.

The six best of the best abstracts will compete in an oral presentation to win the EAMS 2016 best oral presentation prize. More info: www.eamshq.net

Pre-Congress Course: EAMS Teach the Airway Teachers Course.

Previous application is required and candidates will be selected according to qualification and local needs. Pre and post course assignments need to be submitted to get the EAMS Airway Management Teacher Certificate.

MAIN GOALS OF THE 3rd EAC:

- The purpose of the “key lectures” is to update airway management knowledge and critical review different guidelines depending on the situation to facilitate fast and easy decision making during clinical airway management.
- The workshops will help in the acquisition of skills and competences of different airway devices which are to be used in the participants local airway management strategies or algorithms.
- During the full scale simulation participants are able to adopt learned competences into their own algorithm according to their local needs.
- Participants of the EAMS Teach the Airway Teacher course will get the opportunity to teach supervised airway management, to get structured feedback with the aim to improve their clinical airway teaching skills.

Congress Faculty and Workshop Facilitators

Pilar Argente (Valencia, Spain)
F. Javier Belda (Valencia, Spain)
Pedro Charco Mora (Valencia, Spain)
Timothy M Cook (Bath, United Kingdom)
F. Javier Escribá (Valencia, Spain)
Katherine Gil (Chicago, USA)
Amaury Govaerts (Geneva, Suiza)
Robert Greif (Bern, Switzerland)
Iljas Hodzovic (Cardiff, United Kingdom)
Maite Ibáñez Martí (Alicante, Spain)
Maren Kleine-Bruuggeney (London, UK)
Irene León (Valencia, Spain)
Servando López Álvarez (A Coruña, Spain)
Andrés López García (Madrid, Spain)
Ana López Gutiérrez (Barcelona, Spain)
Aitana Lluch Oltra (Valencia, Spain)
María Luisa Marengo (Sevilla, Spain)
Estefanía Martínez González (Valencia, Spain)
Vicente Martínez Pons (Valencia, Spain)
Mari Martínez Segovia (Valencia, Spain)
Xavier Onrubia (Valencia, Spain)
Ellen O’Sullivan (Dublin, Ireland)
María José Parra González (Valencia, Spain)
Ernesto Pastor (Valencia, Spain)
Anil Patel (London, United Kingdom)
David Peral (Valencia, Spain)
Flavia Petrini (Pescara, Italy)
Jaume Puig (Valencia, Spain)
Laura Reviriego (Valencia, Spain)
Thomas Riva (Bern, CH)
Andrés Roca de Togores (Valencia, Spain)
Aytem Saracoglu (Istanbul, Turkey)
Tolga Saracoglu (Istanbul, Turkey)
Massimiliano Sorbello (Catania, Italy)
Marina Soro (Valencia, Spain)
Lorenz Theiler (Bern, Switzerland)
Kamil Toker (Istanbul, Turkey)

	REGISTRATION FEES	
	Before November, 1	Past November, 1
EAMS member	395€	490€
Non EAMS member	485€	580€
Trainee (Accreditation required)	295€	380€

Fee includes:

Workshop participation // Coffee with Expert // Coffee breaks and Lunches
