

Cambridge Airway Training Course

"This course has improved my communication and strengthened my leadership skills in my approach to difficult airway patients."

...CONTENT

This is a full day course designed for anaesthetists to refresh and update skills in managing patients with difficult airways.

This course aims to:

- Enhance candidate's effective management of airways
- Demonstrate appropriate use of airway technology
- Cover emergency airway strategies and the use and handling of FOI
- Allow delegates to practice team training and risk management

All in a highly realistic simulated environment.

...AUDIENCE

This course is suitable for Anaesthetic trainees at ST3 and above.

This course has been approved by the Royal College of Anaesthetists for 5 CPD points.

Dates available: 21st June, 2017
9th October, 2017

Timings: 09:00 to 17:00

Venue: The Simulation Centre and David Dunn Suite,
Addenbrooke's Hospital, Cambridge CB2 0QQ
